Although our Returns show the actual result of the year, viz. the amount of Specie imported, the actual results in many cases in respect to Imports from Great Britain are not clearly shown : for instance, on Treasure being imported from England, if the steamer in which it is conveyed from Suez is changed at Aden, it is entered as an import from Aden ; if the steamer runs direct from Suez (and only touching at Aden) to Bombay, it is entered as an import from Suez ; or, if the Importer in his Private Manifest enters the Treasure as having come from " London and Suez," it is in that case entered as having been imported from " London" ; and thus, often on Treasure being actually imported from Great Britain, our Returns show no such import, but only imports from Suez, Aden, &c.

44. I have not entered in my printed statements any detail of the Port to Port Trade, as this would give an erroneous description of the real extent of Trade, and of the actual quantity of Goods imported, &c. For instance, supposing that 1,000 Cocoanuts were exported from Tarrapoor to Bassein, and afterwards to Ghorebunder, and afterwards again to Bombay, and the Trade of all these Ports were included in my Returns, although the actual transaction was only an Export of 1,000 Cocoanuts from one Company's Port, and an Import of the same into and through Company's Ports, it would be made to appear that 3,000 Cocoanuts were exported, viz. 1,000 from each of the Ports of Tarrapoor, Bassein, and Ghorebunder, and an Import also of 3,000 Cocoanuts, viz. 1,000 Cocoanuts at each of the Ports of Bassein, Ghorebunder, and Bombay.

45. I have shown separately each of the Continental Ports which have any trade with Foreign Ports, or with Indian Ports not subject to the Bombay Presidency; they are as follows :—

46. At Caranjah the whole of the Export Duty was (with the exception of a petty item of Rupees 3-15-2) realised from Salt.

47. At Ghorebunder, all on Salt, except an item of Rupees 29-6-0.

48. At Kurrachee the Export Duties amounted to Rupees 11,530-7-0.

49. At Panwell the Export Customs on Salt were Rupees 9,549-3-6; on Grain, Rupees 298-3-5; and on Sundries, Rupees 39-9-1; total, Rupees 9,887.

50. At Trombay the Export Customs on Salt were Rupees 1,06,347-11-6.

51. It was at first my intention not only to show the amount of increase and decrease in the value of each item of Merchandize imported or exported, but also to explain the cause of decrease or increase.

52. On further consideration, however, I deemed it expedient to refrain from explaining the cause of decrease or increase,—1*st*, because by so doing, the publication of my report must of necessity have been delayed, as until the report itself is completed the amount of increase or decrease is not known, and hence, therefore, a further delay would have been occasioned by my waiting until the necessary information had been obtained relative to the cause of increase or decrease; 2*nd*, because, although in many cases I could satisfactorily explain the cause which led either to an increase or decrease, in respect to many items the cause assigned by me must for many and obvious reasons have been merely conjectural.

53. And on the whole, therefore, I thought it better not to attempt to enter into details of the correctness of which there might be some doubts, and I therefore have contented myself with merely stating facts, leaving the Mercantile Community, or others interested in the Trade of Bombay and its Dependencies, to form their own conclusions as to the cause of the Trade in any item having considerably increased or decreased, as the case may have been.
